

Race To The Line - `Rocketeer` undertaking agreement

All Rocketeers are required to **sign and return** the Rocketeer agreement to complete the Race To The Line CPD accreditation process. Please email completed forms to michelle@thelearningpartnership.com or by mail to the address at the bottom.

AGREEMENT

I/we confirm that I/we have reviewed the Race To The Line Refresher Training CPD presentation and videos, which provide the necessary information to safely run the Race To The Line Model Rocket Car Classroom activity and races in my School for a period of three years from completion of accreditation.

Specifically, I/we undertake that I/we will:

- complete a suitable risk assessment prior to any and all Race To The Line activity(s) undertaken in the School.
- only use The Learning Partnership supplied Race Hub materials (including rocket car motors and foam blocks) for the purposes of any testing, classroom activity or race event in the School
- receive, safely store, secure and use pyrotechnic materials supplied by The Learning Partnership in accordance with the Schools' Hazardous Materials policy and in accordance with instructions issued by The Learning Partnership from time to time and any other applicable regulations.
- apply and carry out the roles and procedures for pyrotechnic safety as described in the CPD training session and in Health and Safety documents published from time to time in the Race To The Line competition community on dendrite.me.
- ensure that in conducting Race To The Line activity(s) only Race To The Line 'Rocketeer' trained staff will manage, fuse and load rockets in relation to any testing or race event in the School and only load and use rocket motors in rocket cars that meet Race To The Line size and safety restrictions and that are secured to a suitable safety tether line.
- maintain my Schools' dendrite.me account and school links to ensure critical communications can reach me and other appropriate colleagues.
- read and implement all Race To The Line Rocketeer email updates from dendrite.me
- inform The Learning Partnership of any concerns encountered that have not been addressed in the training session.
- If the school is sponsored, I/we will send an email thanks and introduction communication to the sponsor.

Signed and Agreed:
